About Mohr's Explorers

This program is designed to get kids outdoors and away from their screens, for some good, old-fashioned fun. We utilize various confidence-building games and activities containing elements of hiking, climbing, fort building, bird/tree identification and so on. Kids not only learn through our Educational Adventures how to truly enjoy and play in natural settings – something we used to take for granted – they will also gain an appreciation for nature and the environment. We strongly believe that when children can learn and enjoy themselves, great things will happen.

Our experience

In addition to working with children for over 30 years, Mike and Melissa Mohr have helped develop and lead outdoor, adventure-based, after-school programs in New York City since 1998 and started Mohr's Explorers during the 2003-04 school year. We are thrilled to bring our brand of enthusiasm, passion and sense of “EDventure” into the lives of the program's participants.

CANCELLATION POLICY

Enrollment fees are fully refundable until the first session. 75% will be refunded until the second session and 50% will be refunded until the third. Fees are non-refundable after the third session, regardless of the reason for withdrawal. In order to ensure quality staff each week, the cost is the same, regardless of how many sessions your child ends up attending. There are no daily drop-ins, no refunds or credits will be issued for absences or dismissal and we cannot offer any make-up sessions. We also will not cancel sessions because of weather. Except in extreme cases, there is usually a back-up plan – sometimes even if school is cancelled. Just e-mail Mike to find out what we are doing!
